REGISTRATION FORM

Please return by 3rd March 2017

to Barbara Adam, EUROTRANS Secretariat
E-Mail: barbara.adam@vdma.org
Fax: +49 69 6603-2654

Please tick the boxes of the event on 23rd April 2017 you will take part in:

- Get together**
Sheraton Pelikan Hotel, Hanover
12:30 p.m.
- 4th International Drive Technology Meeting**
Sheraton Pelikan Hotel, Hanover
01:00 p.m.
- Aperitif**
Harry's New-York Bar
05:20 p.m.
- Networking Dinner**
Sheraton Pelikan Hotel, Hanover
07:00 p.m.

INVITATION

The power transmission industry is one of the leading drivers of innovative solutions and trends in various fields such as renewable energy, wind power, mobility solutions and automation.

For many innovations, our industry is a kind of an enabler, making it possible to master the challenges of global digitization.

Digitization, IoT and Industry 4.0 – evolution in these areas will influence our daily business and society. For the future, we have to develop new products, product-related services, manufacturing processes and business models. Moreover it is important to discuss upcoming organizational changes to prepare staff for success in a digitized and customized environment.

These will also be key topics at the Hanover Fair 2017.

To be successful in the future we have to think about this international change process together with our companies, customers and partners. This also forms the basis for our interesting program.

The fact that we are now holding this event for the fourth time shows the need to create an information network for managers in the power transmission industry.

The challenge of digitization can be mastered only if all the players throughout the power transmission value chain join forces.

The 4th International Drive Technology Meeting is the perfect opportunity to meet your industry peers and establish new relationships while discussing the global opportunities and challenges we are facing in our industry.

Seize this great opportunity and register now for the 4th International Drive Technology Meeting on 23rd April 2017 in Hanover.

We look forward to welcoming you.

Eric Goos

Sumitomo Drive Technologies
President EUROTRANS

PROGRAMME

12:30 p.m. Get together

01:00 p.m. Welcome

Eric Goos, President of EUROTRANS
Marc Siemering, Senior Vice President,
Deutsche Messe AG

01:15 p.m. Digitalization of our products and production process

Professor Dr.-Ing. Stephan Reimelt, President & CEO, GE Germany and Austria

02:00 p.m. The Factory of the future enabled by Robotics and Digitalization

Arno Strotgen, Group Vice President Customer Service,
ABB Robotics

03:00 p.m. Coffee break

03:40 p.m. Welcome to the world of Holograms – A View on the Possibilities of Mixed Reality for the Mechanical Engineering Industry

Ingo Oppelt, Industry 4.0 Lead, Microsoft Germany

04:15 p.m. New Service opportunities with Predictive Maintenance

Sebastian Feldmann – Partner, Roland Berger GmbH

04:40 p.m. Economic outlook: USA after the election

Matthew Croson, President of the American Gear Manufacturers Association (AGMA)

Discussion

05:20 p.m. Aperitif at Harry's New-York Bar

06:30 p.m. The future needs for manufacturing companies – Organisation and Employees 4.0?

Robrecht Janssens, Expert Labour Organisation,
Agoria (Belgium)

07:00 p.m. Networking Dinner

09:00 p.m. End of the event

GUESTS AND ITEMS

Content

- Digitalization and its impact on the industry
- The Factory of the future enabled by Robotics and Digitalization
- Holograms – mixed reality for the mechanical engineering industry
- New service opportunities through Predictive Maintenance
- Economy, USA after the election
- Organisation and employees 4.0

Language: English

Expected guests

Managers, CEOs of power transmission companies
Managers, CEOs of customer companies

Hotel (venue of the meeting)

SHERATON HANNOVER PELIKAN HOTEL
Pelikanplatz 31, 30177 Hannover, Germany
Phone +49 511 9093-513
